

Model(s) ZERK-SM

EZ Flush Side-Mount Sensor Retrofit Kit with Mechanical Manual Override Button for Water Closet and Urinal Flush Valves

TAG _____

Architectural/Engineering Specification:

Zurn EZ Flush® Retrofit Kits are reliable and easily installed sensor retrofit kits for converting manual flush valves to hands-free operation. Ideal for commercial applications where converting to hands-free flush operation is desired. Installation is completed by simply removing the existing handle and installing the side mounted sensor retrofit kit. Unit is sensor-operated with four, C-size batteries (included) and features a true mechanical manual override button that delivers on-demand flushing.

PRODUCT FEATURES:

- Infrared Sensor
- Chrome Plated Metal Cover
- User in-view L.E.D
- Low battery indicator light
- Optional 24 hour auto-flush setting
- 3 second delay flush
- True Mechanical Override Button
- 6 VDC Motor Actuator
- 4 "C" size batteries (Included)
- Included tools Wrench for installation Hex wrench for battery compartment

Product Compliance: ADA

*Complies with ADA & ICC A117.1 accessibility requirements when installed according to the requirements outlined in these standards.

**Although products with certain combinations of options and features will meet or comply with these standards and/or certifications, not every combination of options and features will result in such compliance. If you have any questions about your particular product, please contact our Customer Care Dept. at 1-855-ONE-ZURN (United States) or 1-877-892-5216 (Canada) for confirmation.*
